

A **stronger**¹ anchor with a *softer*² touch

Introducing the
JuggerStitch™ All-suture,
Knotless Meniscal Repair Device

- Ergonomic delivery mechanism that allows for **quick and simple** implant deployment
- The low profile **taper tip needle** intended to minimize cutting the meniscal tissue during insertion
- The **all suture knotless implant** allows for controlled tensioning while eliminating rigid plastic anchors and hard meniscal surface knots

For more information,
ask your Zimmer Biomet representative
or visit us at zimmerbiomet.com
