

## Transition to Base Business Ordering Instructions

Persona IQ has transitioned from the “New Product” to “Base Business” ordering process. This change requires your Territory Ops Lead to manually request new or replenishment inventory as follows:

- **New Business**: Instruments (Sets & OR Laptop) and Disposables (Implants & Home Base Stations) must be requested through IOM system
- **Replenishment**: Disposables (Implants & Home Base Stations) for existing business must be requested through SMS
- **Missing/Broken Instruments**: Request through SMS

### NOTE:

- IOM requests should be submitted by Wednesday end of business for Committee review the following week.
- For additional ordering questions, please reach out to [Rebecca.Noggle@zimmerbiomet.com](mailto:Rebecca.Noggle@zimmerbiomet.com).

### IOM Ordering Instructions

1. In IOM, create new request and complete normal request details at top. Select “PERSONA IQ” under brand family

Brand Family	Segment
