## BioSkills

Our continuum of education offers a vast range of opportunities to health care providers to learn, interact, understand and share knowledge about our products, services and about surgical philosophies through a variety of modalities.

Life is all about activity. At Zimmer Biomet Institute® we therefore believe our delegates should play an active part when learning about new products, surgical techniques or the like. Get your hands and brains on human specimens, sawbones and instruments to deepen your knowledge and enhance your skills!

The specific course objectives include:

- Review the history of Zimmer Biomet Navigation, Personalized Solutions and MedTech
- Understand the philosophy behind ROSA Knee System
- Assess the surgical technique and surgical flow
- Perform one case using anatomical specimens with the use of the ROSA Knee System with Persona
- Review surgical tips from faculty that will be beneficial in practice

The Zimmer Biomet Institute wishes you a valuable and enjoyable training with us.
